* PHYSICIAN WHO BILLS OHIP DIRECTLY ONLY WHEN SERVICES ARE RENDERED THROUGH AN AFFILIATED HOSPITAL CLINICAL ASSOCIATION

LIST OF PHYSICIANS PARTICIPATING IN THE ONTARIO HEALTH INSURANCE PLAN

This list shows the name, address, telephone number and specialty of each physician participating in the Ontario Health Insurance Plan as of July, 1982. The list is arranged by county or district.

It should be noted that some specialists also maintain a general practice. In these cases, only the specialty has been shown. If a physician is shown as a general practitioner, he or she is not registered with the Plan in any other specialty. The list includes only physicians who have received payment from OHIP during the last six months or who have recently registered with the Plan.

Registration with the Plan does not necessarily mean that the physician is practising full time. It indicates, however, that should the physician provide an insured service, the physician at time of publication had opted to bill the Plan directly, accepting such payment as full reimbursement for the insured services rendered.

An asterisk (*) before a physician's name denotes a non-participating physician who has elected to bill patients directly in his or her private practice, but who is affiliated for some services with a hospital clinic which bills OHIP directly.

The Ontario Medical Association provides as a public service, information on obtaining the services of participating physicians through a toll free province-wide telephone service. Out-of-town callers may phone 1-800-268-7215 and Toronto callers should dial 925-3264.

This list has been prepared by the office of the General Manager of OHIP who should be advised of any errors or omissions (7 Overlea Blvd. Toronto, Ontario, M4H 1A8). Extra copies may be obtained from the Publications Services Centre, Mail Order Service, 5th Floor, 880 Bay Street, Toronto, Ontario M7A 1N8 - telephone (416) 965-6015.
